bb Blanc: A Winner at One King West!

Dear Valued Clients and Associates,

As you know, it wasn't so long ago that bb Blanc emerged as a new face on the hospitality scene with one mission: to redefine the art of audiovisual and entertainment production.

As we continue to do just that, I'm pleased to announce that bb Blanc has been selected as the Vendor of Record at the spectacular [One King West Hotel & Residence](#), located in the heart of downtown Toronto's financial district.

"Our search for the right in-house audiovisual solution ended when we met the bb Blanc team. Not only did they appear to thoroughly understand our goals and challenges, but they were also able to meet them with the insight and capabilities we required in taking our service excellence to a whole new level.

"I'm really impressed with the exceptional levels of service bb Blanc has delivered to our establishment (and to our clients) thus far, and would like to acknowledge them as a vital extension of our hospitality team."

~Steve O'Brien, General Manager
One King West Hotel & Residence

From the planning stages right through to the execution, we're here to deliver bigger, better, and undeniably memorable events to every market that we serve – including yours. To experience the bb Blanc difference for yourself, please contact me.
